WASHINGTON, Nov. 10 .- The demands upon the Ways and Means Committee of the House of Representatives when hear-ings on the tariff began to-day were not so much for reduction as for more pro-tection. In fact the revisionists down-

ward were not among the early callers.

The persons heard were the manufacturers of chemicals. They wanted existing tariffs on acids and the like let alone, and some of them wanted certain materials used in their manufacturing processes taken from the free list and put n the dutiable classes.

For a large company in Syracuse which controls about one-third of the product of retort coke ovens in this country Stewart
Chaplain appeared to ask for high duties on by-products of retort coke ovens, and he introduced the company's chemist, John E. Pennock, to explain the technical condition of the business which seemed to them to justify a mean of protection.

Mr. Pennock got into a little rub with Mr. Underwood of Alabama, one of the Democratic members of the committee. Mr. Pennock admitted in answer to Mr. Underwood's questions that he did not have a market for the by-products of his coke ovens, nor did other manufacturers, the by-products being the articles on which he was seeking to have

articles on which he was seeking to have a duty placed.

Mr. Underwood got a fall, too, out of the next advocate of a higher tariff on the articles used in his business. This was George R. Power of Philadelphia, representing a chemical company.

He wanted specific instead of ad valorem duties put on bichromate of soda, bichromate of potash and certain acids that go into the composition of fertilizer. Mr. Underwood asked if his company was now successfully manufacturing the thing he now wanted to have put under prohibitive duties. Mr. Bower admitted it.

"Why, then," pursued Mr. Underwood, "should this committee increase the duty?"

"It would enable the manufacturers

wood, "should this committee increase the duty?"

"It would enable the manufacturers to increase their output."

"In other words, it would enable you to make more profit?"

Mr. Bower evoked a general laughter by his frank reply:

"Well, that's about the size of it."

N. B. Arnold spoke as the representative of the National Association of Varnish Manufacturers. The tariff on alcohol varnish might be removed altogether without injury to the trade, he said, because American varnish men could sell their goods on the merits of the goods.

Alfred S. Isaacs, an importer of gives and gelatines, told the committee that under the Wilson and McKinley tariffs glues had an ad valorem duty of 25 per cent, and under the present tariff it was raised to 2½ cents a pound, which prohibited the importation of low grade gives.

BUY POPE CO'S ASSETS. Reorganizers Have an Offer of \$1,500, 000 -Ask Court's Instructions.

The receivers for the Pope Manufacturtions as to what disposition should be made by the reorganization committee of an offer of \$1.500,000 for the assets of the concern, not including the cash,

the concern, not including the cash, amounting to about \$500,000 now, in the hands of the receivers. The Vice-Chancellor announced that he would give his decision to-morrow

Richard V. Lindabury, counsel for the receivers, said that by the sale going through the balance of 25 per cent. due the company's creditors would be paid at once.

at once.

In behalf of Thomas H. O'Connor, a stockholder, Willard C. Fisher of Jersey City objected to the sale. He held that it was not necessary to enable the receivers to discharge the debts of the If the offer of the reorganization com-

mittee is accepted the new company to be formed intends to lesue \$500,000 in short term notes, \$2,500,000 preferred stock, and \$4,000,000 common stock.

SOUTHERN PACIFIC BOOMS. Report That Pacific Dividends Will Be

Increased To-day Not Confirmed. The feature of the stock market yesterday was Southern Pacific which advanced to 119%, 6% up from Monday's close, and closed with a net gain of 5% points for the day. Union Pacific at the same time sold up to 181% and closed at 181, a net gain of 2% points. Out of about

181, a net gain of 2% points. Out of about 1,640,000 shares dealt in 204,800 were Southern Pacific and 286,800 Union.

Directors of Union and Southern meet to-day for dividend action and Wall street gossip had it that dividends would be increased. It was also reported that the plan for the retirement of Southern Pacific preferred would be decided upon at to-day's meeting. In quarters close to at to-day's meeting. In quarters close to the management it was said that there was no foundation for either report, though in regard to Southern Paoific pre-ferred there was no doubt that a plan for retirement would be put through within

C., H. & D. IN GOOD SHAPE. New Receiver Not Likely to Be Needed When Judge Harmon Quits.

CINCINNATI, Nov. 10.-Governor-elect Judson Harmon is getting the affairs of the Cincinnati, Hamilton and Dayton Railroad into excellent shape preparatory to stepping aside as receiver to assume the reins of the State government.

Judge Harmon reported to the United States Court to-day that the road's earnings in September were \$721,626.84, nearly \$200,000 more than operating expenses.

The road at the end of the month had on hand a cash balance of \$1,417,460.14.

a greater amount than at any time since it went into the receiver's hands.

It is expected that when Judge Harmon

uits it will not be necessary to appoint

Knickerbocker to Pay Off Depositors. The directors of the Knickerbocker Trust Company have decided to anticipate the next five payments of 5 per cent. each to depositors. The payments will call for \$6,250,000 and will provide for all the company's obligations to deposi-tors up to the spring of 1910. It is probable that the remainder of the deposits will be paid within a few months. The Company has maintained its total deposits above \$35,000,000 notwithstanding the large payments to depositors.

RAILROAD EARNINGS.

We execute all kinds of bonds and burglary insurance policies

GOSSIP OF WALL STREET.

Some of the traders circulated industriously yesterday a rumor to the effect that in the very near future Union Pacific would be put on a 12 per cent. basis and that the dividend on Southern would be increased from 6 per cent. to 7 per cent. In a few minutes this report passed all around the Street and brought buying orders from everywhere into the two stocks, the large professional traders buying large lots and the small amateur traders lots that relatively to their means and experience of market affairs were many times larger. There was a grand time for everybody, and the stocks advanced so fast that profits were in sight almost before brokers could report purchases, and the optimism was such that few of those who had profits thought of converting them into cash. The

would be effected through a new issue of the words are except to benefit the big beef packers, who made all the low grade glues. Before the tariff was raised glue of the kind referred to sold for from 4½ to 5½ cents a pound and the packers were glad to get that. Since the tariff of 2½ cents a pound went into effect the price had gone up to 7 and 5½ cents.

Before this change of rate he had imported this grade of glue largely. Now he imported none, and very little if any was imported by any one.

Would be effected through a new issue of 4½ per cent, bonds convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into common stock, but on a vital point there appeared to be a complete absence of information—this concerning the basis on which convertible into con was imported by any one.

For the Paint Manufacturers Association of the United States E. H. Dyer of Paltimore asked that present duties on the materials that enter into the composition of prepared paints be retained.

There would be a decided advantage for

\$10,000,000 of new stock was to be issued in tracts, and for that reason also the bulls

cincident with the rise in the common was would be treated on an equality in the matter of privilege to subscribe for the new bonds. As the preferred sold nearly two points above the retirement level it was argued that a fair measure of the value of the rights was afforded. .

Disappointment was felt in many ters at the limited response made by the general market to the announcement from Chicago that the United States Circuit Court of Appeals had refused the Government's petition for a rehearing in the Standard Oil case. No effect followed the receipt of this news, and when half an hour later the market began to display aggressive strength the really influential factor was the buoy-ancy shown by the Harriman stocks.

The extraordinary rise of more than six points in Southern Pacific recalled a remark made some years ago by a prominent member of the Harriman coterie regarding a somewhat mysterious upward rush in Union Pacific that "we are going to compel interest in the market." Union Pacific's rise yesterday was great enough to accomplish that, but Southern Pacific's rise was twice as great, but Southern Pacific's rise was twice as great, leaves to be a support of the strain of the tone barely steady and the estimated sales 250,000 bales. Prices as follows:

Highest Lewest. Closing. Pers. clost.

Becamber 1, 2,20,100 bales, a points lower, with the tone barely steady and the estimated sales 250,000 bales. Prices as follows:

International Harvester had the distinction of scoring the greatest advance pro-portioned to price shown anywhere in the list. From Monday's closing level of 55% the stock rose to 66%, a gain of 9% points, or about 15 per cent. of its price, the rise being due to expectation of dividend payments at probably an initial rate of 4 per cent. a year. The annual report issued some time ago showed that the company last year earned 6% per cent. on its common tock and is exceedingly strong in the matter of working capital.

All the hard coal stocks made new high records for the year, Lackawanna with an advance of nearly 10 points selling higher than ever before in its history. For the great strength of all members of this group, including Erie, which for the time being dissociated itself from the other trunk lines, there was only a recurrence of the rumors current on Monday of important developments in case the Supreme Court declares the commodity clause of the Hephurn rate law unconstitutional, as has al-ready been done by the United States Circuit Court for the Eastern District of Pennsylvania.

An item of news hatled with satisfaction by the bulls was the announcement from London that the gold output of the Rand last month amounted to 617,000 ounces, a new high record. It was contended that notwithstanding the heavy purchases of the metal by Paris there was little danger that there would not be enough to take care of the needs of the rest of the world so long as the mines continued to turn out wealth at this rate.

In the inactive stocks the American Can lantic Coast Line among the railroads were conspicuous by their strength, the Can stocks being helped by an optimistic statement regarding the business outlook made by the company's president, while in Atlantic Coast Line there appeared to be very good if unostentatious buying.

Elve Stock Market.

Tussdar, Nov. 16.

Reccipts of beeves were 1.114 head, including as cars for slaughterers and 5½ for the market. No reported transactions in live catile to day. The feeling was steady, with expected light receipts for to-morrow's market. Dressed beef was in some demand at steady prices, or at 8611c, per lb. for native sides. Latest Liverpool and London cables quoted live cattle steady at 128 18¼c. per lb. dressed weight; refrigerator beef selling at London at 11@11¼c. per lb. Exports from this port to-day none; to-morrow 2,850 quarters of beef.

Reccipts of calves were 201 head, including 125 for butchers and 178 for the market. The few sales of veals were at about steady prices, or at 26,850 per 100 lbs. Barnyard and Western adves were nominal, with a car of Westerns hald over. Dressed calves were quiet at 88,46c. per lb. for city dressed veals, 6,612c. for country dressed and 58,7c for dressed barnyard and fed calves.

Reccipts of sheep and lambs were 1,902 head, including 4 cars for slaughterers and 4½ for the market; making, with the stock held over yeaterday, 6 cars on sale. Sheep were fairly steady, with no strictly prime sheep offered; lambs were in light supply and feeling a little better; one car was held over. Common to fairly good sheep soid at 32.50833.75 per 100 lbs., culls at 31.75; medium to choice lambs at 35.0028.50; culls at 31.75; medium to choice lambs at 35.0028.50; culls at 31.75; medium to choice lambs and a 4011c.

Reccipts of hogs were 5,521 head, including about half a car for the market. Prices were a fraction lower. Prime medium weight State hogs soid at 36.10 per 100 lbs. Country dressed hogs slow at 73/683/c. per lb.

Four judgments aggregating \$118,048,

filed on October 27 against the Delaware and Eastern Railroad Company of 7 Wall street in favor of Joseph H. Holmes, Joseph J. Jermyn and the Taylor Dis-count and Deposit Bank of Pennsylvania, have been vacated by Judge Truax of the Supreme Court. Supreme Court.

The budget was received by the Aldermen yesterday from the Board of Estimate and next Monday was fixed as the day for the public hearing, which must be held under the provisions of the

\$575,000 Seven Per Cent. Cumulative Preferred Stock

UTICA KNITTING COMPANY, UTICA, N.

Manufacturers of Ribbed and Flat-Fleeced Cotton Underwear.

THE UTICA KNITTING COMPANY, Utica, N. Y., offers for sale at \$100 a share (par value) 5,750 shares of its seven per cent. cumulative preferred stock Dividends payable semi-annually January and July. The proceeds will be used as additional cash working capital.

The Company has an authorized stock issue of \$1,500,000, divided into \$700,000 preferred stock, of which \$125,000 is now outstanding and \$575,000, the present issue, and \$800,000 common stock, of which \$625,000 is issued and outstanding and \$175,000 is unissued in the Treasury of the Company. There is outstanding also an issue of \$180,000 first mortgage five per cent. bonds, which are being retired at the rate of \$15,000 each year.

THE UTICA KNITTING COMPANY is the largest manufacturer in this country of ribbed and flat-fleeced cotton underwear; a product as staple as boots and shoes. It produces about 3,000 dozen finished garments a day. Its sales are in excess of \$3,000,000

When sold the total issue of preferred stock will be secured by over \$100 a share in net quick assets and nearly \$200 a share in net fixed assets,

As per report of the Eastern Audit Company, Boston, Mass., the Utica Knitting Company showed at end of last fiscal year, December 1st, 1907, an excess of assets over his bilities (including bonds) of \$1,486,564.07, and a clean surplus over all liabilities, including both preferred and common stocks, of \$736,564.07.

The company shows average net earnings for the last three flecal years ending December 1st, 1907, equal to ever four times the dividend on the total authorized preferred stock.
